

Optimize the holiday experience of your guests

- **e-bikes / pedelecs: powerful electrical bikes for rent**
- **booking online via the internet**
- you take part in the “Sustainable Tourism” trend
- cost efficient, fun and environmental friendly mobility for your guests
- guests can explore the area for a better holiday experience
- interesting also for young drivers, that can't get a rental car – i.e. your guests children (from 14 years)
- bikes provided and managed by Levki Orchidea Tours
